We have a mighty Musk ox in our corner.

The richest man in human history, South African diamond king and billionaire of various interests Elon Musk, recently joined the ranks of countless intelligent people who have woken up and abandoned the “woke” (What a fatuous misnomer for a lot of somnambulistic simps!) agenda, leaving the Democrat party for President Donald Trump’s newly remade Republican party––a multi-ethnic force for common-sense populism, positivity and patriotism (see related column, only here in *The Herald)*.

Musk has interviewed Trump at length, and the two have become quite chummy. The former has vowed to use his vast fortune “to destroy Kamala Harris and the Democrat party.”
